Hello Mary,

It was nice talking to you earlier. The EPA has been in the process of updating our websites and CFAC is caught in the transition. As we move forward with this site the EPA will have a web site up and running with all the information and links as well. Let me know if you would like us to contact you when the site is active.

In the meantime here is a link to the Owner of the plant's contractor and their press release with the agreements in place. I also passed your phone number on to Mr. Stroiazso and he is getting that to Steve Wright and hopefully he will be able to get back with you soon.

Feel free to contact me if you have any further questions.

Thanks,
Mike
